

**HandiHoist with Truss Carrier
Mounted on 200 lb. Track**

HandiHoist Winch

HandiHoist

The rugged RGC® HandiHoist is the dependable, economical, safe and environmentally friendly choice for your lifting requirements. Its steel frame provides exceptional durability and easily mounts to RGC track with two locking pins.

The very portable HandiHoist can be mounted on track lengths of 12 ft. to 44 ft. and will fit 200 lb. or 400 lb. capacity track sections. A large cable drum, 24 in. handwheel and 3.5: 1 gear ratio ensure easy lifting. Each HandiHoist winch is equipped with a friction disc brake and allows the operator to control the ascent and decent of the lifting platform.

HandiHoists are OSHA compliant and ideal for commercial or residential roofing, HVAC and 'green' construction projects. Many accessories are available to increase productivity. Use the new Solar Panel Carrier, Truss Carrier or Roller Angle Guide to safely and quickly handle a variety building materials.

HandiHoist Features & Benefits

- ▶ Low cost makes the HandiHoist the most affordable solution for occasional lifting needs.
- ▶ OSHA compliant.
- ▶ Economically saves time and labor.
- ▶ It is easily transported in virtually any vehicle.
